

RadWasteSummit

JUNE 10-12, 2025 | THE DESOTO HOTEL | SAVANNAH, GA

EXECUTIVE ORDER Nuclear Regulatory Commission REFORM

Execution is KEY

NRC ASSIGNMENTS AND TIGHT TIMELINE

- Enforce fixed review deadlines
- Use science-based radiation limits (Not LNT)
- Update environmental review rules
- Expedite proven reactor designs
- Simplify licensing for small reactors
- Limit mid-construction design changes
- Revise oversight and security rules
- Use realistic risk thresholds
- Extend license renewal terms
- Streamline public hearings
